

INSTRUCTIONS FOR Peel 'N' Go Label Dispenser (#18894)

Step 1. Insert blister packed labels into each track.

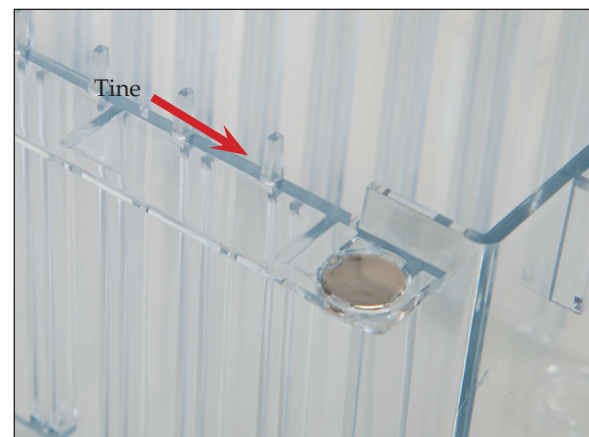

Step 2. Close the lid.

Step 3. Pull straight down on the label liner to automatically peel and dispense a label.

Note: For larger labels remove the necessary tines.
To remove the tines use a pair of pliers push the tine
back into the box and to one side for a clean break.

Health Care Logistics® is not liable if product is used outside the scope of the instructions.
