

How to Use All-Purpose Formula

1 Remove medication from outer packaging.

An illustration showing two hands. The left hand is holding a blister pack of white and blue pills, while the right hand is holding several individual pills that have been removed from the packaging.

2 Load unused or unwanted medications into Rx Destroyer bottle.

An illustration showing a hand holding pills, with a green arrow pointing towards a white plastic bottle with a green label that has the 'RX DESTROYER' logo. The bottle's cap is shown being removed.

3 Secure cap back on the bottle and gently agitate. Continue to fill the bottle with medications until contents reach 2" from the top.

An illustration of the white plastic bottle with the green label, shown with motion lines around it to indicate it is being shaken or agitated.

4 When full, always follow applicable federal, state, local, and tribal laws & regulations for pharmaceutical waste disposal.
